Ian Beihl

Full Stack Web Developer

After spending a few years in Wyoming's beautiful Teton range, I moved to Oregon to continue my passion for living in the outdoors and building things. Whether creating complex, craft cocktails as a seasoned bartender, outdoor furniture for my backyard, or fun and creative web apps, I enjoy tinkering and building. As a kid I loved taking things apart, seeing how they worked, then putting them back together. Some things never change.

Skills

JavaScript

React/Redux

HTML5/CSS3

Node.js

Bootstrap

MongoDB

Mocha/Chai

Passport

Git/GitHub

Chrome Dev Tools

Heroku

Travis CI

Projects

Sep 2018 - present — **WeatherFM**
- Created an app that generates music to match the user's weather.
- Users can discover music for their current weather, fine-tune their discover settings, add songs to weather playlists, listen to playlists, and export those playlists to Spotify.
  - Stack: React/Redux, Node.js, Express, MongoDB, JWT, Mocha/Chai, Enzyme, Jest

Sep 2018 - present — **¡Hablamos!**
- Constructed a spaced-repetition, learning application for Spanish.
- Built around a spaced-repetition algorithm, Hablamos ensures that users spend more time practicing the words they answer incorrectly rather than ones they already know.
  - Stack: React/Redux, Semantic UI, Node.js, Express, MongoDB, JWT, Mocha/Chai

Aug 2018 - present — **Cocktail Buddy**
- Built a cocktail recipe app that lets users search and filter a database of classic recipes as well as add and remove their own drinks.
- As an avid cocktail enthusiast, I wanted a way to easily search through and filter my favorite drink recipes while also having a place to store ones I have created or found elsewhere.
  - Stack: React/Redux, Node.js, Express, MongoDB, JWT, Mocha/Chai

Education

Aug 2011 - May 2015 — **Bachelor of Arts in History, Colgate University**
- Major GPA: 3.37/4, GPA: 3.19, Dean's Award for Excellence Spring 2012
- Active member of Theta Chi Fraternity and Recruitment Chair in 2012.

Employment History

Jun 2018 - Oct 2018 — **Full Stack Developer Apprenticeship**
Thinkful, Brooklyn, NY
- Learned industry best practices and standards with an emphasis on JavaScript, HTML5, Node.js, React, Redux, algorithms and data structures.
- Built mobile-first, responsive web applications while also meeting regularly with a senior web developer multiple times a week.

Sep 2018 - present — **Web Developer (Freelance)**
Drane & Freyer Limited, Chicago, IL
- Working closely with the head of marketing to design a straightforward, easy to use website for a boutique, commercial real estate firm.
- Orchestrating everything from the initial design, content editing, overall design, testing and deployment, while working within a short timeline.

Sep 2017 - May 2018 — **Front of House Staff**
Spork, Bend, OR
- Crafted well-balanced, delicious cocktails quickly and efficiently for the bar and entire restaurant while greeting and communicating with customers effectively.

Aug 2015 - May 2017 — **Bartender**
The Rose and Pink Garter, Jackson, WY
- Created and added original craft cocktails to the menu, helping The Rose get the title of "Best Apres Ski Bar" from the cocktail review site, liquor.com.
